HawkSoft provides independent insurance agencies and their carriers with products and tools to help make them more efficient and profitable organizations. Using the Single-Entry Multi-Company interface (SEMCI) concept, HawkSoft has developed the most efficient tool for the independent insurance agent to manage their clients and their business.

"HawkSoft is easy to learn and use. You can scan directly to your client's record and drag and drop documents, faxes and emails. This allows offices to go paperless and gives your clients faster and better customer service since everything you need is at your fingertips. HawkSoft staff has always been very friendly and extremely helpful! EVERY agent should own HawkSoft CMS!"

- Debby R., Katy, TX

"HawkSoft has been fantastic! No other system is as easy to use and train others on. The integration with our rater and website make it worth every penny. Thank you for the great service!"
