

# HAWKSOFT®

Agency Management System

HawkSoft would like to congratulate **Claudia McClain**, **Jason Hansen**, and **Mike Stromsoe** for their success as independent agency owners. HawkSoft's goal is to support the growth of the independent agent channel, and we are constantly inspired by your pursuit of the same.

**Claudia McClain • McClain Insurance Services**

HawkSoft Customer since 2002

We are masters of efficiency and growth with HawkSoft. Our staff of 5 PL agents (no producers/no CSRs) service over \$6.8 Million in premium volume without the use of company service centers. In addition, they sell over \$800,000 in new business (over 900 policies) every year!

**Jason Hansen • Financial Insurance Group Inc**

HawkSoft Customer since 2006

We just bought our 11th agency. Without a system like HawkSoft, we wouldn't be able to grow in the manner we are today. HawkSoft allows us to open an office anywhere, anytime, and without any associated costs for multiple locations. We wouldn't be able to work the way we do without HawkSoft.

**Mike Stromsoe • Stromsoe Insurance Agency**

HawkSoft Customer since 2009

HawkSoft gives us flexibility and freedom. We can text from the system. The download functionality is awesome. QuickBooks integration has helped us a lot. Training for new employees is phenomenal and allows us to grow. And I love the new IVANS Market Appetite integration!
